24 Hour Dietary Recall - Quick Script Instructions

1. Quick list

“First, we’ll make a list of the foods you ate and drank yesterday, (insert DAY). Please tell me everything you had to eat and drink yesterday, (insert DAY) from midnight to midnight. Include everything you had at home and out of the home, including all snacks and drinks no matter how small.

I’ll ask you for more details and portion sizes in a few minutes. At this time, simply list what you had.”

Do not interrupt or prompt (unless there is something you don’t understand), let the participant fill the silence and do not hurry them. When they have finished ask “Is there anything else that you can remember?”

2. Forgotten Foods

“We’ll now go through a list of commonly forgotten foods. Let me know if there is anything here that we have not got down on your list already.

Did you have any:

- **Drinks:** Coffee, tea, soft drinks, milk, alcohol
- **Sweet snacks:** Biscuits, cakes, sweets, chocolate, any other sweet snacks
- **Savoury snacks:** Crisps, peanuts or other savoury snacks
- **Sauces, dressings, toppings:** Remind them of each meal/snack they had and ask about sauces etc for each one.
- **Anything else** that you have not already mentioned?”

3. Time and Occasion

“Now we’ll go back through each item and I’ll ask you to give me the time at which you ate it and about the meal occasion (let the participant name the meal, ie lunch, breakfast, snack etc.)

4. Detail cycle

“Now we’ll go back through each item and I’ll ask you to give me more detail about the type of food, the amount you ate, how it was cooked or the brand name if bought”

Depending on the food, think about asking:

- **Type of food:** eg. type of milk –Semi skimmed/full fat
- **Form purchased:** fresh/frozen/canned/dry
- **Amount:** Use unit size, packet size, household measures or food models to get the participant to estimate the amount they ate. Did they eat all of it themselves or leave/share some?
- **Method of preparation:** Boiled/ baked/fried/breaded.
- **Brand name**
- **Home-cooked recipes:** what are the ingredients and amount of each item, divide total recipe for the amount the participant ate.
- **Additions:** was anything added to food during preparation or when eating like ketchup, cream, sugar

5. Final probe

Review the list with the participant.

Interviewer to check all necessary detail is there.

Ask one final time “Is there anything else that you ate or drank yesterday that we have not got on the list?”

Physical Activity Record (GPAQ): Clinic Visit 6

Administrative information

Appointment Date		Appointment time	
Data sheet completed (p3)	Y/N	CHW name	

Physical Activity Questions

I am going to ask you about the time you spend doing different types of physical activity in a typical week. Please answer these questions even if you do not consider yourself to be a physically active person.

Think first about the time you spend doing work. Think of work as the things that you have to do such as paid or unpaid work, study/training, household chores, harvesting food/crops, fishing or hunting for food, seeking employment. In answering the questions 'vigorous-intensity activities' are activities that require hard physical effort and cause large increases in breathing or heart rate, 'moderate-intensity activities' are activities that require moderate physical effort and cause small increases in breathing or heart rate.

Work

Q1	Does your work involve vigorous-intensity activity that causes large increases in breathing or heart rate like carrying or lifting heavy loads, digging or construction work for at least 10 minutes continuously?	Yes / No If No → go to Q4	
Q2	In a typical week, on how many days do you do vigorous- intensity activities as part of your work?	Days	
Q3	How much time do you spend doing vigorous-intensity activities at work on a typical day?	Hours	Mins
Q4	Does your work involve moderate-intensity activity, that causes small increases in breathing or heart rate such as brisk walking [or carrying light loads] for at least 10 minutes continuously?	Yes / No If No → go to Q7	
Q5	In a typical week, on how many days do you do moderate- intensity activities as part of your work?	Days	
Q6	How much time do you spend doing moderate-intensity activities at work on a typical day?	Hours	Mins

Travel to and from places

The next questions exclude the physical activities at work that you have already mentioned. Now I would like to ask you about the usual way you travel to and from places. For example to work, for shopping, to market, to place of worship.

Q7	Do you walk or use a bicycle (pedal cycle) for at least 10 minutes continuously to get to and from places?	Yes / No If No → go to Q10	
Q8	In a typical week, on how many days do you walk or bicycle for at least 10 minutes continuously to get to and from places?	Days	
Q9	How much time do you spend walking or bicycling for travel on a typical day?	Hours	Mins

Participant ID	
Participant initials	

Recreational activities			
The next questions exclude the work and transport activities that you have already mentioned. Now I would like to ask you about sports, fitness and recreational activities (leisure), [Insert relevant terms].			
Q10	Do you do any vigorous-intensity sports, fitness or recreational (leisure) activities that cause large increases in breathing or heart rate like [running or football] for at least 10 minutes continuously?	Yes / No If No → go to Q13	
Q11	In a typical week, on how many days do you do vigorous- intensity sports, fitness or recreational (leisure) activities?	Days	
Q12	How much time do you spend doing vigorous-intensity sports, fitness or recreational activities on a typical day?	Hours	Mins
Q13	Do you do any moderate-intensity sports, fitness or recreational (leisure) activities that cause a small increase in breathing or heart rate such as brisk walking, [cycling, swimming, volleyball] for at least 10 minutes continuously?	Yes / No If No → go to Q16	
Q14	In a typical week, on how many days do you do moderate- intensity sports, fitness or recreational (leisure) activities?	Days	
Q15	How much time do you spend doing moderate-intensity sports, fitness or recreational (leisure) activities on a typical day?	Hours	Mins
Sedentary behaviour			
The following question is about sitting or reclining at work, at home, getting to and from places, or with friends including time spent sitting at a desk, sitting with friends, traveling in car, bus, train, reading, playing cards or watching television, but do not include time spent sleeping			
Q16	How much time do you usually spend sitting or reclining on a typical day?	Hours	Mins
